13. "Martin Roth: In November 2017 I collected a plant from the garden of a mass shooter." at yours mine & ours

Austrian-born artist Martin Roth launched a Kickstarter campaign to fund the show at yours mine & ours, which opened March 31. The show's title pretty much sums it up: Roth traveled to the home of Stephen Paddock—who in October 2017 shot and killed 58 people on the Las Vegas Strip—and dug up a small desert holly bush from Paddock's gravelly, ill-tended garden. Roth brought the plant back to New York, where he has recreated aspects of the Mandalay Bay Hotel from which Paddock perched to carry out the massacre.
